FAO Stephen Kilmartin

Dear Sir/Madam

Application no: **3/2022/0091**

Address: **2 Market Place Clitheroe BB7 2DB**

Proposal: **Proposed single storey rear extension to retail unit.**

The Local Highway Authority have viewed the plans and highway related documents and have the following comments to make:

Summary

No objection subject to conditions

Lancashire County Council acting as the Local Highway Authority does not raise an objection regarding the proposed development and are of the opinion that the proposed development will not have a significant impact on highway safety, capacity or amenity in the immediate vicinity of the site subject to the following conditions being stated on any approval.

Advice to Local Planning Authority

The Local Highway Authority (LHA) are in receipt of an application for the proposed single storey extension to an existing retail unit at 2 Market Place, Clitheroe.

The LHA are aware that the site can provide only one car parking space following the proposal, but the site does not fully comply with the parking guidance found in the Joint Lancashire Structure given the internal floor area of the unit.

Despite this, the LHA have no objection because firstly the retail unit is established in the centre of Clitheroe and secondly the extension is only small scale with the extension providing a net increase of 33 square meters at the unit. Therefore, the shortfall in parking at the site is an existing situation and so the LHA will accept the shortfall.

Phil Durnell

Director of highways and Transport

Conditions

1. No development shall take place, including any works of demolition or site clearance, until a Construction Management Plan (CMP) or Construction Method Statement (CMS) has been submitted to, and approved in writing by the local planning authority. The approved plan / statement shall provide:

- 24 Hour emergency contact number;
- Details of the parking of vehicles of site operatives and visitors;
- Details of loading and unloading of plant and materials;
- Arrangements for turning of vehicles within the site;
- Swept path analysis showing access for the largest vehicles regularly accessing the site and measures to ensure adequate space is available and maintained, including any necessary temporary traffic management measures;
- Measures to protect vulnerable road users (pedestrians and cyclists);
- The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- Wheel washing facilities;
- Measures to deal with dirt, debris, mud or loose material deposited on the highway as a result of construction;
- Measures to control the emission of dust and dirt during construction;
- Details of a scheme for recycling/disposing of waste resulting from demolition and construction works;
- Construction vehicle routing;
- Delivery, demolition and construction working hours.

The approved Construction Management Plan or Construction Method Statement shall be adhered to throughout the construction period for the development.

REASON: In the interests of the safe operation of the adopted highway during the demolition and construction phases.

Note: Construction Management Plan.

- There must be no reversing into or from the live highway at any time – all vehicles entering the site must do so in a forward gear, and turn around in the site before exiting in a forward gear onto the operational public highway.
- There must be no storage of materials in the public highway at any time.

- There must be no standing or waiting of machinery or vehicles in the public highway at any time.
- Vehicles must only access the site using a designated vehicular access point.
- There must be no machinery operating over the highway at any time, this includes reference to loading/unloading operations – all of which must be managed within the confines of the site.
- A licence to erect hoardings adjacent to the highway (should they be proposed) may be required. If necessary this can be obtained via the County Council (as the Highway Authority) by contacting the Council by telephoning 01772 533433 or e-mailing lhsstreetworks@lancashire.gov.uk
- All references to public highway include footway, carriageway and verge.

Yours faithfully

Ryan Derbyshire
Assistant Engineer
