FAO Kathryn Hughes

Thornley with Wheatley PC has considered this application. We note that traffic count and speed surveys have been undertaken to understand the flows along the route of the site. The speeds are considered to be low compared to the limit and sight lines can be provided in the highway or client land. Taking this into consideration no objections have been raised by the PC in respect of the outline application for the erection of a farm worker's dwelling with new access off the main road.

Kind regards

Carol Ansbro, Clerk to Parish Council
