

Ground Floor

The ground floor plan shows an 'Existing House' at the top. Below it is a 'Barn' with a small circular feature. To the right of this barn is another 'Barn' with a staircase labeled 'up'. A 'Garage (double height)' is located to the right of the central barn. To the left of the central barn is a 'Store' and another 'Barn'. A 'new opening created approx. 2500mm wide' is indicated between the existing house and the central barn. A 'boundary wall' is shown at the bottom of the plan.

First Floor

The first floor plan shows a large 'Existing House' at the top. Below it is a 'Barn' area. To the right of the central barn is another 'Barn' area, which contains an 'up' staircase. Below the central barn is a 'Garage (double height)' area, indicated by diagonal hatching. To the left of the garage is a large open space. Labels include 'high level door' and 'high level window' in several locations. A dashed line indicates a proposed extension or boundary.
