Notes

1. The local planning department may need to consult several interested parties, such as the local civic or historical society, about your proposal. You are asked to discuss this informally with the staff of your local planning department who will advise you on the number of copies required.
2. Any object or structure fixed to a listed building or forming part of the land and within the curtilage of the building is treated as part of the listed building
3. If an appeal is made to the Secretary of State concerning this application, the Regulations require that a copy of the following documents shall be provided for the Secretary of State by the appellant:
 - a. The application made to the local planning department together with all relevant plans, drawings, particulars and documents (including a copy of the certificate) submitted with it;
 - b. The notice of decision (if any) and all other relevant correspondence with the local planning department
4. If consent is granted for the demolition of a listed building, the effect of Section 8 of the 1990 Act is that demolition may not begin until the Royal Commission have been notified, and the Commission have then either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building, or that they do not wish to record it.
5. When making an application for Listed Building Consent you must complete a Section 11 Certificate, which provides details of the ownership of the site. This is necessary to let owners and agricultural tenants know about proposed developments on their land.

Complete the Certificate on the application form if the applicant is the sole owner of all the land to which the application relates and no part of it is an agricultural holding or has an agricultural tenant (Owner means a person having a freehold interest or a leasehold interest with at least seven years unexpired.)

If the applicant is not the sole owner or part or all the land is an agricultural holding, please complete the separate Section 11 Certificate which is available at your local planning office.

If you do not know the name and address of the owner there are other Certificates which you can complete and should contact the planning department to discuss the matter

Note that there is a penalty for knowingly or recklessly completing a false or misleading Section 11 Certificate.

Dear Mr Griffiths

RE: Proposed works to Ribchester Bridge
AT: Ribchester Bridge

Thank you for your application that we received 5 July 2011. Unfortunately we cannot deal with this application due to the following:

Could you please supply me with 3 copies of a location plan which should be an up-to-date Ordnance Survey extract at a scale of 1:1250/1:2500 with a North point inserted. The properties shown should be numbered or named to ensure that the exact location of the application site is clear. The application site must be edged clearly with a red line. It should include all land necessary to carry out the proposed development. A blue line must be drawn around any other land owned by the applicant, close to or adjoining the application site.

I would be grateful if you could send me this information as soon as possible so that we can continue to process your application. The application has been made invalid until such time as the necessary information has been received. Please return the tear-off slip at the bottom of this letter with your reply.

Yours sincerely

Adrian,

Please withdraw this application. I will advise David Griffiths of this when I respond re Croasdale Bridge.

Ribchester Bridge

It is now my intention to carry out the works in May 2012. Bats and some potential roosts were found on the bridge, I have a full report from the inspector to submit. The inspection also revealed disappointingly that the pointing was in a much worse state than previously thought. I understand that the EA would like me to apply for consent for the works although if they are consistent the method of working should not require consent as I will not be putting anything in the watercourse. Given the new timescale and the above issues for the works would it be easier to withdraw the first application and resubmit?

Croasdale Bridge

I am still keen to reconstruct the remainder of the east side of the bridge. The saddling works are starting next week so if possible I would like to discuss this before the concrete is installed as if you will let me reconstruct the spandrels I will do the saddle in a slightly different way. I have also been trying to discuss this with Andrew Davison but he does not return my calls or emails.
