25 AUG 2011

Dear Graeme,

Application: 3/2011/0559**Proposal:** Amended re-submission of application 3/2011/0140P for a proposed single storey timber sanitary building and creation of a campsite on agricultural land.**Location:** land adjacent to High Gill Barn Tosside Skipton Yorkshire

Thank you for your consultation in respect of the above application. Significant impacts on biodiversity as a result of these proposals appear unlikely.

The amended proposals appear to have taken on board my earlier comments and do now demonstrate avoidance of impacts on the Biological Heritage Site (i.e. the proposed sanitary building will not be located within the BHS).

The proposals also include the creation of new native hedgerow which should hopefully result in enhancement of biodiversity in this area.

Yours sincerely,
Sarah
