PROPOSAL: CHANGE OF USE OF FORMER HUNT KENNELS AND AGRICULTURAL LAND TO FORM EQUESTRIAN LIVERY YARD AND CONVERSION OF FIELD BARN TO FORM ADDITIONAL STABLING

1 ASSESSMENT

- 1.1 Ellenthorpe Kennels historically has been the home of the Pendle Forest and Craven Hunt for decades. However the Hunt has relocated at the end of the previous lease period.
- 1.2 The site itself is on the southern extremity of a grouping of buildings known as Ellenthorpe Farm together with Huntsmans Cottage, Whenning Cottage and the former Hunt Kennels on the junction of Gisburn Road and Carters Lane. The application site also includes a parcel of agricultural land on the opposite side of Gisburn Road which is to be used for grazing and turnout paddocks and the adaptation of an existing building to form additional stables.
- 1.3 The application site lies outside any defined settlement boundary within open countryside with the whole site lying within the Forest of Bowland Area of Outstanding Natural Beauty (AONB).
- 1.4 Planning policies are informed by government advice detailed in Planning Policy Guidance (PPG's) and Planning Policy Statements (PPS's). The development plan includes the Local Development Framework, which in turn includes policies

saved from the Ribble Valley Districtwide Local Plan. Those of particular relevance in this instance are G1 which identifies a number of development control criteria, ENV1 which seeks to protect the AONB, and RT15 relating to outdoor recreational facilities and RT16 specifically relating to development involving the keeping or riding of horses.

320110562P

2 INVOLVEMENT

- 2.1 The change of use of this site and associated agricultural land is in accord with adopted policies and makes eminent reuse of the former Kennels facilities and therefore it has not necessitated pre-application discussions with the Local Planning Authority.

3 EVALUATION

- 3.1 The reuse of this site for alternative uses has come about essentially following the relocation of the Pendle Forest & Craven Hunt. The buildings currently on site are ideally suited to a livery use without the need for any form of adaptation and could with the exception of the out barn in the corner of the agricultural land which is to be used for grazing and turn out. My clients also live in the two adjacent cottages and this use will provide much needed service to the local community whilst at the same time securing local employment.
- 3.2 Policy ENV1 does not preclude new development within the AONB provided that it is in keeping with the character of the area. Policies RT15 & 16 are supportive to the introduction of such uses within the rural area and would not be detrimental to the AONB setting.

4 DESIGN

- 4.1 The buildings, the subject of this change of use are for the most part to remain as existing. The only exception to this is the present modern out barn which

is simply to be adapted internally in order to provide a further two looseboxes in the field on the south side of Gisburn Road. This is essentially a subdivision of the existing space within the building and therefore will have no impact on the buildings setting.

5 ACCESS

320110562P

- 5.1 Level access can be gained into all the buildings and it is not proposed to alter the existing vehicular accesses from the existing road network and there is sufficient car parking within the yard area to meet the needs of users whereby vehicles can enter and leave the site in forward gear.
