As the applications were only sent to 3 homes in Twiston as Clerk to the Parish I have been canvassing other homes for their thoughts. The general consensus is that people pay a lot of council tax and feel that they live here for the very fact that it is a very quiet and tranquil village and people want it to stay that way. Many saying they moved here for the reason that there are no pubs and shops and hopefully no holiday lets. As this is an area of outstanding natural beauty they feel that holiday lets will detract from this. Carol M. Palmer clerk to the parish
