Graeme,

Our comments regarding this site remain the same as before (planning application 3/2008/0645 & listed building consent 3/2008/0646), and LCAS would recommend that the building recording condition (no.'s 12 & 11 of the planning permission and listed building consent respectively):

"No works shall take place on the site until the applicant, or their agent or successors in title, has secured the implementation of a programme of building recording and analysis. This must be carried out in accordance with a written scheme of investigation which shall first have been submitted to and agreed in writing by the Local Planning Authority."

also be attached to any renewal of planning permission or listed building consent.
