Application No.

Date received 320110904P

Fee paid £

Receipt No:

Application for Planning Permission. Town and Country Planning Act 1990

You can complete and submit this form electronically via the Planning Portal by visiting www.planningportal.gov.uk/apply

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department

Please complete using block capitals and black ink

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application

1. Applicant Name and Address

Title:	MRS	First name:	JANE
Last name:	GREENFIELD		
Company (optional):			
Unit:		House number:	6
		House suffix:	
House name:			
Address 1:	GALSTANG ROAD		
Address 2:	BOUNGS GATE		
Address 3:			
Town:	NR PRESTON		
County:	LANCS		
Country:			
Postcode:	PR3 1YD		

2. Agent Name and Address

Title:	MR	First name:	ALAN
Last name:	LLOYD-HANCOCK		
Company (optional):	A.L.H. DESIGN SERVICES		
Unit:		House number:	
		House suffix:	
House name:	BARLEY COTTAGE		
Address 1:	BRENNERY STREET		
Address 2:			
Address 3:			
Town:	LONGKIDGE		
County:	LANCS		
Country:			
Postcode:	PR3 3NB		

3. Description of the Proposal

Please describe the proposed development, including any change of use:

FORMATION OF INDUSTRIAL LINK FROM UNIT 3 TO 4, AT
LAND TO K&K OF 90 BERRY LANE, LONGKIDGE.

Has the building, work or change of use already started?

☐ Yes

☒ No

If Yes, please state the date when building, work or use were started (DD/MM/YYYY):

(date must be pre-application submission)

Has the building, work or change of use been completed?

☐ Yes

☒ No

If Yes, please state the date when the building, work or change of use was completed: (DD/MM/YYYY):

(date must be pre-application submission)

Site Address Details

Please provide the full postal address of the application site

Unit: House number: House suffix:

House name:

Address 1:

Address 2:

Address 3:

Town:

County:

Postcode (optional):

Description of location or a grid reference (must be completed if postcode is not known):

Easting: Northing:

Description:

5. Pre-application AdviceHas assistance or prior advice been sought from the local authority about this application? ☐ Yes ☒ No

If Yes, please complete the following information about the advice you were given (This will help the authority to deal with this application more efficiently)

Please tick if the full contact details are not known, and then complete as much as possible: ☐Officer name: Reference: Date (DD/MM/YYYY):
(must be pre-application submission)Details of pre-application advice received? **6. Pedestrian and Vehicle Access, Roads and Rights of Way**Is a new or altered vehicle access proposed to or from the public highway? ☐ Yes ☒ NoIs a new or altered pedestrian access proposed to or from the public highway? ☐ Yes ☒ NoAre there any new public roads to be provided within the site? ☐ Yes ☒ NoAre there any new public rights of way to be provided within or adjacent to the site? ☐ Yes ☒ NoDo the proposals require any diversions /extinguishments and/or creation of rights of way? ☐ Yes ☒ No

If you answered Yes to any of the above questions, please show details on your plans/drawings and state the reference of the plan(s)/drawings(s)

7. Waste Storage and CollectionDo the plans incorporate areas to store and aid the collection of waste? ☐ Yes ☒ NoIf Yes, please provide details: Have arrangements been made for the separate storage and collection of recyclable waste? ☐ Yes ☒ NoIf Yes, please provide details: **8. Authority Employee / Member**With respect to the Authority, I am: (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected memberDo any of these statements apply to you? ☐ Yes ☒ No

If Yes, please provide details of the name, relationship and role

Materials

If applicable, please state what materials are to be used externally. Include type, colour and name for each material:

	Existing (where applicable)	Proposed	Not applicable	Don't Know
Walls	~~FACED~~ BRICKWORK	TO MATCH EXISTING	☐	☐
Roof	PROFILED SHEET ROOFING IN GOOSENECK GREY.	TO MATCH EXISTING	☐	☐
Windows	N/A.	N/A.	☐	☐
Doors	POWDER COATED STEEL.	TO MATCH EXISTING.	☐	☐
Boundary treatments (e.g fences, walls)	1.8M HIGH TIMBER FENCING	N/A.	☐	☐
Vehicle access and hard-standing	ASPHALT	N/A.	☐	☐
Lighting			☐	☐
Others (please specify)	POWDER COATED STEEL RAILER SHUTTER DOORS	TO MATCH	☐	☐

Are you supplying additional information on submitted plan(s)/drawing(s)/design and access statement?

☒ Yes

☐ No

If Yes, please state references for the plan(s)/drawing(s)/design and access statement:

LOCATION PLAN, EXISTING SITE PLANS, EXISTING FLOOR PLAN, EXISTING ELEVATIONS, PROPOSED SITE PLAN, PROPOSED FLOOR PLANS

10. Vehicle Parking

Please provide information on the existing and proposed number of on-site parking spaces:

Type of Vehicle	Total Existing	Total proposed (including spaces retained)	Difference in spaces
Cars	12.	12	0
Light goods vehicles/ public carrier vehicles	2	2	0
Motorcycles			
Disability spaces			
Cycle spaces			
Other (e.g Bus)			
Other (e.g Bus)			

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer ☐ Cess pit
☐ Septic tank ☐ Other
☐ Package treatment plant

Are you proposing to connect to the existing drainage system? ☐ Yes ☒ No

If Yes, please include the details of the existing system on the application drawings and state references for the plan(s)/drawing(s):

12. Assessment of Flood Risk

Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)

☐ Yes ☒ No

If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? ☐ Yes ☒ No

Will the proposal increase the flood risk elsewhere? ☐ Yes ☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system ☐ Existing watercourse
☐ Soakaway ☐ Pond/lake
☒ Main sewer

13. Biodiversity and Geological Conservation

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals

Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

a) Protected and priority species:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

14. Existing Use

Please describe the current use of the site:

COMMERCIAL / INDUSTRIAL

Is the site currently vacant? ☐ Yes ☒ No

If Yes, please describe the last use of the site:

COMMERCIAL / INDUSTRIAL

When did this use end (if known)?

DD/MM/YYYY

(date where known may be approximate)

ON - GOING

Does the proposal involve any of the following?

If yes, you will need to submit an appropriate contamination assessment with your application

Land which is known to be contaminated? ☐ Yes ☒ No

Land where contamination is suspected for all or part of the site? ☐ Yes ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination? ☐ Yes ☒ No

15. Trees and Hedges

Are there trees or hedges on the proposed development site? ☐ Yes ☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? ☐ Yes ☒ No

If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.

16. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste? ☐ Yes ☒ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

Residential Units (Including Conversion)

Does your proposal include the gain, loss or change of use of residential units?
If Yes, please complete details of the changes in the tables below:

☐ Yes

☒ No

26. Planning Application Requirements - Checklist

Please read the following checklist to make sure you have sent all the information in support of your proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the Local Planning Authority has been submitted.

The original and 3 copies of a completed and dated application form:

The correct fee:

The original and 3 copies of the plan which identifies the land to which the application relates drawn to an identified scale and showing the direction of North:

The original and 3 copies of a design and access statement, if required (see help text and guidance notes for details):

The original and 3 copies of other plans and drawings or information necessary to describe the subject of the application:

The original and 3 copies of the completed, dated Ownership Certificate (A, B, C, or D - as applicable):

The original and 3 copies of the completed, dated Article 12 Certificate (Agricultural Holdings):

7. Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information

Signed - Applicant:

Or signed - Agent:

Date (DD/MM/YYYY):

DESIGN AND ACCESS STATEMENT IN SUPPORT OF PROPOSED LINK UNIT
AT
LAND TO THE REAR OF 90 BERRY LANE, LONGRIDGE, LANCs.

This statement is prepared in support of the attached submitted Planning Application made on behalf of Mr T. Griffiths, C/O THG Motors 90 Berry Lane, Longridge, Nr Preston, Lancs, PR3 3TT

1.0 SITE 90 BERRY LANE, LONGRIDGE

The property is located off the main street of Berry Lane, and has access onto Inglewhite Road behind the main street of the town centre shopping area, towards the northern end (bottom) of the street, fronting onto a private road. The land is currently vacant and has been infilled previously with a new industrial unit which is available to let at present, and is in the process of completion, which acts as a surplus/overspill for the current units, which are predominately a 2 storey Industrial building with rendered and cladded materials, and a profiled roof. It has had little or no extensions or alterations carried out on it in the past to provide further ancillary rooms/space.

The land slopes slightly from the right to the left by approx. 100mm and as such provides no great design restraints. To the side of the land are predominantly single storey Bungalows with attic bedrooms and bathrooms etc, in fact the two properties which view onto the new industrial units have a landing window, and a bathroom window which has obscure glazing in it, and is designated as an area of conservation. The development would have no impact on any of the items above access is through the roller shutter door which is level with the new access level. Although the predominant use of the area is residential /shopping, there is an already established industrial unit, and the land is also zoned for commercial/industrial usage.

The link unit between units 3 and 4 will be in materials to match that of the adjoining new erected Industrial unit with a profiled material and fabric, on a metal framework, with a facing brickwork façade upto 2.1m with steel doors etc. The footprint of the link units unit is 79m², and will be used solely as a industrial/commercial property.

Internally the client wishes to provide a link between the existing unit (Unit 3) and the new unit (Unit 4) for his own use as business has increased and he requires the additional space in order to facilitate further demands. It was decided to allow for a general entrance between the centre of the new link which in turn will allow access to both unit 3 and 4 with a clear open space as there are already a reception, toilet and wash facilities all at ground floor in order to comply with the Building regulations contained within units 3 and 4.

320110904P

2.0 DESIGN MATTERS

The design proposal in brief

The adjacent building at present is commercial unit with a floor area of 30.5m² floor area of approx., (ground and first floor areas 61.0m²) and a volume of 200m cu

The client wishes to create a new link to both the existing units within the confines of his land ownership. The proposed design will attempt to remove a supply and demand problem, which is evident as he has already had inquiries to let units on the site, but also to utilise a 'dead space, due to his own business expanding and to use the link to gain additional working space and maintaining the same usage of the site and by creating a link between the units.

It was decided to maintain a single roller shutter door to the link with an external personnel exit door to the rear for fire escape purposes and utilising the existing roller shutter door off unit 4.

Design proposal described.

The existing site has open aspects to the front and rear North-West and South-East elevations towards Thornfield Avenue, and Crumpax Av. provides a natural link to the development as it is at the end of a Cul-de-Sac and as such provides limited options with regards to possible new designs due to its proximity with the surrounding buildings and the adopted highway. However we believe that there is scope to develop the existing site to maximum effect without imposing on the surrounding units and list some of the design issues discussed during the development process :-

- It was decided to create a mono pitched roof building rather than a two storey unit with a traditional duo-roof pitch, so as to minimise the overall height and massing of the unit
- Rather than extend onto an existing building and have problematic design features it was decided to make a fresh approach to the design
- To create a more appealing and useable unit by using more modern materials, whilst not being too controversial
- To allow the main ground floor area to be the workshops, whilst having the majority of the sanitary and welfare facilities to the side of the unit, to allow for a more useable workshop area, this will also double up as the parking area for the end users.
- The ground floor was to be open space with no partitions etc which will be built to allow access for disabled in accordance with Part M of the Building Regulations
- Steel doors were decided upon so as to make the unit a 'secure by design' development
- Ground floor level allowing equal opportunities to all able and disabled bodies to use, and therefore there is no restriction over any persons wishing to work in the workplace environment, additionally the welfare and toilet facilities are located within the existing unit 4 at ground floor level.

320110904 P

The Preferred design

The formation of a new unit, with a front access forms an end to the road when viewed from the courtyard area, and provides a natural link rather than of a derelict waste ground that is being used as an overspill and therefore has little or no effect on the main appearance of the street scene, but is merely bringing it in align with the adjacent designs continuing along Berry Lane, the level entrance has to be formed to align with Building regulations and also allow for equal rights and forms part of the entrance concept to the unit, but is formed on land within the clients ownership, whilst maintaining the main pavement width.

After consultation with the client it was decided not to detract too much from the existing unit, or the surrounding buildings, but to alleviate the fundamental spatial problems, and be minimal in concept so as not to cause a controversial alterations in order to secure a more favourable approval and also limit the amount of works to be carried out

CAR PARKING

No parking problems are envisaged as this is a town centre location and as such on-street parking has not been compensated, and the majority of visitors will be on a short stay scenario, and some will use the new building integral facilities

SUMMARY

To summarise the following should be considered :-

The proposal responds positively to the context of the site and is sympathetic to the immediate surrounding buildings. The works have very little impact on the surrounding dwellings in the form of overshadowing due to its position on the easterly side of the property and that the building is a mono-pitch roof line down to a single storey level adjacent to Thornfield Avenue Building. In fact when looking at it in winter solstice, the solar shading has absolutely no effect

The amenity space is un affected.

The materials chosen for the project are typical to those already used in the industry for this type of development and also easily sourced whilst maintaining a high quality level of finish , but are also in keeping with current construction and the surrounding district

Finally, we believe the design is more in align with modern demands for spatial requirements, and in our opinion does not detract from the existing quality of the surrounding buildings

320110904 P

THIS DRAWING IS TO BE READ IN CONJUNCTION WITH ALL OTHER DRAWINGS FOR THIS PROJECT. ALL LEVELS AND DIMENSIONS ARE TO BE CHECKED ON SITE BY THE CONTRACTOR, PRIOR TO PLACING ORDERS OR COMMENCING ANY OF THE RELEVANT WORKS. ALL DIMENSIONS ARE IN MILLIMETRES UNLESS STATED OTHERWISE. ANY DISCREPANCIES BETWEEN THE INFORMATION SHOWN ON THE PLAN AND THAT FOUND ON SITE ARE TO BE REPORTED TO THE DESIGNER IMMEDIATELY.
