PROPOSED
ERECTION OF AGRICULTURAL BUILDING
ON LAND AT
RAMSGREAVE HALL FARM
RAMSGREAVE ROAD
RAMSGREAVE
BLACKBURN

DESIGN AND ACCESS STATEMENT

AS
27/12/11

320120033P

FARM DESCRIPTION

The land area is 108 acres (45 hectare), and longitudinal in shape bounding the north side of Ramsgreave Road

The farm house is one of a group of buildings local to Ramsgreave Road at the highest point and falls dramatically north as far as land parcel I D. 5593 as identified on attached rural land register map the land then levels off to its northern boundary

There is a vehicular access farm track from Ramsgreave Road that meanders passed the group of farm buildings, and the chalets north of land parcel I D. 5574 and then peels of west to Haggs Hall Farm.

LAND DESCRIPTION

The land if for pasture and grazing purposes , the central section in particular land parcels I,D 5574 and 7681 are saturated and full of reeds . Refer to photographs P1 and P2 .

ASSESSMENT

The applicant and her husband (now deceased 2011) retired from farming and rented approximately 25% of the land to neighbouring tenants.

The tenancy agreement has ceased and the land now back in control of the applicant

Regrettably the tenants did not apply duty and care to the land during the time of tenancy , rather saturise its use with no maintenance and repair.

In particular the application of fertilizer , till , weed control maintenance and repair to fences as a direct consequence the land is unfit for its intended purpose.

As mentioned in "Land Description" the tenancy area relates to I.D. 5574 and 7681, photograph P1 shows the reeded land sheep grazing between. The land in the upper section of the photograph shows good grazing land similar to the land before tenancy.

PROPOSALS

Proposals are two fold.

- a) A programme of works reinstating the damaged land back to its former conditions
- b) Bring the land back into full use by the applicants family.

PROPOSAL ASSESSMENT

The applicants nephew Mr D Orrell has an agricultural back ground and presently grazes 80 sheep on the land with the intension of living on the premises permanently

To implement proposals A & B it is essential to have a suitably located and appropriate agricultural building . We proposed a 20.00 x 10.00 x 3.50m high steel portal frame building as specified on Drawing No 7006, the building will be divided providing shelter for living stock and the storage of farm machinery , tractor , trailer storage of fencing materials and like ancillary to the land.

Its location is shown on the site plan through the right hand gate photograph P3 which is central to the principle land and local to the land in need.

- a) Following the erection of the building a programme of works including land drainage maintenance and repair new fencing, general upgrading of the land to bring it back to its former glory.
- b) The land can then be used to its maximum in the control of live stock as appropriate.
