Heritage Asset Statement 4 Wellgate, Clitheroe, BB7 2RD

This Statement has been prepared to support a planning application for the proposed change of use of 4 Wellgate, Clitheroe, from Class A1 (retail) to A2 (financial and professional service). The site is located along the south-west side of the road and has a history of use as a Class A2 (Building Society) just as recently as 2010. Since closure of the building society, the site has since been in use as a retail unit in conjunction with the unit next door.

The application site forms part of the Clitheroe Conservation Area which was designated by Ribble Valley Borough Council in 1973, identifying the core of the town's original 12th century settlement. It is located towards the very head of Wellgate, which was an important street in the borough, containing one of the public wells. It also formed part

of the Market Place at its west end and acted as the main route out of the town to the east.

A Conservation Area Appraisal was published in 1995 and describes the street as follows:

"Wellgate descends from Market Place towards its junction with Lowergate where there is a spacious intersection. Development is both two- and three-storey presenting a disjointed eaves line to the street. The building line, on both sides of the road, is irregular".

Research indicates three Grade II listed features along Wellgate, including buildings at 23-29 Wellgate, The Dog Public House and the Town Well. Each feature is located to the north-east side of the street and some distance from the planning application site. Listed buildings are also present to the north-west of the site at 3, 5, 5a and 9 Market Place, The Victoria Hotel, The White Lion Hotel and 1 Church Street.

The site itself forms a single unit within a row of two storey terraced properties from Church Street and is a relatively modern 20th century addition to the street scene. It is not specifically referred to within the Conservation Area Appraisal. The premises maintains a traditional non-illuminated shopfront fascia that is sensitive to its context. Along with other properties on this row, the first floor has two modern bay windows.

Policy ENV16 of the Ribble Valley Districtwide Local Plan advises that development within the Conservation Area should reflect the character of the area in terms of scale, design and materials. The proposal seeks no changes or additions to the unit or the fascia. Subject to approval of the change of use, minor alterations in the form of non-illuminated replacement signage will be carried out without the need for planning permission under Deemed Advertisement Consent.

This change of use will have no impact on the setting of Listed Buildings or the Conservation Area.
