Design and Access Statement

For

A dormer extension

at

12 Nowell Grove, Read, Burnley, Lancashire

Report Completed By

Jessica Townson
AJH Associates
21 Deanfield Court
Clitheroe
Lancashire
BB7 1QS

1 Introduction

- 1.1 This design and access statement is written in line with *"Design and Access Statement How to write, read and use them"* (CABE, 2007) as required by *"The Circular Guidance on Changes to the Development Control System"*.
- 1.2 The aim of this document is to appraise the context of the development in relation to the planning policy guidance, the design of the proposal, and the underlying influences on the submission.
- 1.3 The Heritage Statement element is at the end of the document (section 7) and is intended to identify any areas of key historical interest within the development area.
- 1.4 This document should be viewed in conjunction with the drawings submitted with the application.

2 Proposal

- 2.1 The existing property is a detached dormer bungalow with a garage to the side of the property.
- 2.2 There are currently 2no bedrooms in this dwelling and 3no bathrooms/WC's.
- 2.3 We are proposing to extend the bungalow into the dormer, enlarging one of the WCs and converting it into a bedroom.
- 2.4 The enlargement shall also create much needed storage to the rear bed and an en-suite shower room.
- 2.5 The footprint of the dwelling is not to alter.
- 2.6 There are to be no windows created in the side elevation. Therefore there shall be no overlooking to the neighbours.
- 2.7 The dormer shall be set back more than 200mm from the eaves.
- 2.8 The proposed increase in size shall be no more than 50m³.

320120242P

3 Use

- 3.1 The proposed extension is to allow for a better internal layout and adequate bed space for the family.
- 3.2 As stated the proposal shall not allow for any overlooking onto the neighbouring property.

4 Design

- 4.1 The walls will be hung tiles to match the existing dwelling's roof; this shall be in keeping with the other properties in the area.
- 4.2 The roof covering shall also be tiles to match the existing roof.
- 4.3 The Velux windows shall be flush with the roof.
- 4.4 The window to the front elevation shall match the existing windows in the property.

320120242P

5 Access

- 5.1 Access to the house is through the side entrance as previous.
- 5.2 There are no alterations to the parking arrangements at the property.

6 Appraising the Context

- 6.1 The proposal has been designed in such away that it maintains the natural beauty of the area, and assists in maintaining the character of the building.
- 6.2 The proposal will have no impact upon the area as the structure will have a minimal increase in size.
- 6.3 The extension is to the side of the property and therefore will not impact on the aesthetics of the Nowell Grove area.
- 6.4 Extending the property will enable the family who to gain full functionality out of the property, creating extra space and making it into a family home.
- 6.5 There are other properties within the area that display the same character in extension to a greater scale. Images of 3 of these have been included over leaf.
