Sarah,

In terms of highway safety, I have no objection to the attached plan.

Furthermore, this plan retains the flexibility to introduce additional disabled bays should they be required, without any adverse impact on the general parking provisions.

Thank you,

Martin

Martin

Is this ok now?

Cheers

Dear Sarah,

George Street, Clitheroe - 3/12/0427

Further to correspondence from Martin Nugent, regarding the proposed disabled car parking provision, please find attached a revised site plan drawing, L2882.04 revision Q.

We confirm that only 2 No. parking bays will be marked as disabled parking. The revised layout of the car parking is such that there are 21 possible disabled car parking bays, should they be required.

If you require further information or clarification, please do not hesitate to call

Regards

Kirsty McGhie
