Drafted 2 July 2012

Dear Sir

**Planning Application, Ribble Valley District
3/12/0524 Holden Wastewater Treatment Works, Bolton By Bowland**

I refer to your letter of 25 June 2012 concerning the above application.

I have no objection in principle to this application on highway safety grounds.

The proposed temporary widening of the access must be returned to its original condition following the completion of the utility work for the water supply pumping station.

Should consent be granted for this application, I would welcome a Condition requiring the applicant to inform Lancashire County Council of the detailed scheduling for the completion of the remedial works.
