Graeme,

Further to our site visit today, I confirm I have no objections in principle and recommend the following conditions be considered and attached to any approval;

- Hours of Opening be restricted to 09 00 to 19.00 hrs between 1 April to 30 October, 1/11 to 31/3 be 09 00 to 'dusk'
- Provide solid screen fencing between vehicle parking and former gatehouse
- Due to potential noise disturbance off site, zip wires, rope swings, bridges be excluded from Northern sector of site
- Site lighting to be limited to car park and entranceway to centre. Site lighting to be designed to be inward facing so as not to illuminate beyond

James
