3. Description of Proposed Works

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s):

Barn 2 (non listed building) - will be converted into a four bedroom dwelling. Briefly works involve the removal of the more recent addition to the barn and restoration of various elements to restore its former character. In brief this includes; the removal of the blockwork and extension with profiled lean-to roof, the removal of the non-original barn and store doors, demolition of the structurally unstable northern lean-to section and the recovering of the modern concrete tile roof with a traditional slate roof.

Barn 1 (listed building) - involves the conversion of the existing property into a 2 bedroom dwelling. Externally a number of low profile conservation style rooflights have been provided. Two staircases have been provided to avoid cutting the king cruses as these are seen as integral to the character of the property. All existing openings are to be retained. No new openings are to be created.

The proposal incorporates an alternative access point located off shire lane which is a private road with limited vehicular traffic.

Has the development or work(s) already started?
