Dear Sir/Madam

**Location: 17 Browgate Sawley Lancashire BB7 4NB**  
**Proposal: Creation of a tennis court**

With reference to the above planning application,

I have no objection to the proposed development.

Land drainage or subsoil drainage water must not be connected into the public sewer system directly or by way of private drainage pipes. It is the developer's responsibility to provide adequate land drainage without recourse to the use of the public sewer system.

United Utilities offer a fully supported mapping service at a modest cost for our water mains and sewerage assets. This is a service, which is constantly updated by our Property Searches Team (Tel No: 0870 7510101). It is the applicant's responsibility to demonstrate the exact relationship between any assets that may cross the site and any proposed development.

Please note, due to the public sewer transfer, not all sewers are currently shown on the statutory sewer records, if a sewer is discovered during construction, please contact a Building Control Body to discuss the matter further.

Yours Faithfully,

Daniel McDermott
