

Application for Planning Permission. Town and Country Planning Act 1990

You can complete and submit this form electronically via the Planning Portal by visiting www.planningportal.gov.uk/apply

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department

Please complete using block capitals and black ink

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application

1. Applicant Name and Address

Title: MR First name: CRIG

Last name: BROWN

Company (optional):

Unit: House number: House suffix:

House name: NEWLANDS

Address 1: RIBCHESTER ROAD

Address 2: HOTHORNSALL

Address 3:

Town: NR LONGRIDGE

County: LANCS

Country:

Postcode:

2. Agent Name and Address

Title: MR First name: ALAN

Last name: WILD HAYDOCK

Company (optional): A.L.H. DESIGN SERVICES

Unit: House number: House suffix:

House name: BARLEY COTTAGE

Address 1: BRECKY STREET

Address 2:

Address 3:

Town: LONGRIDGE

County: LANCS

Country:

Postcode: PR3 3NB

3. Description of the Proposal

Please describe the proposed development, including any change of use:

RETROSPECTIVE PLANNING FOR
ERECTOR OF COMMERCIAL UNIT WITH OFFICES AT FIRST FLOOR
LEVEL AND PARTIAL DEMOLITION OF EXISTING STRUCTURES
INCLUDING COVERED CANOPY + TERRACE

Has the building, work or change of use already started?

☒ Yes

☐ No

If Yes, please state the date when building,
work or use were started (DD/MM/YYYY):

JUNE 2012

(date must be pre-application submission)

Has the building, work or change of use been completed?

☐ Yes

☒ No

If Yes, please state the date when the building, work
or change of use was completed: (DD/MM/YYYY):

(date must be pre-application submission)

4. Site Address Details

Please provide the full postal address of the application site

Unit: House number: House suffix: House name: VACANT LANDAddress 1: ADJACENT TO ENTERPRISE WORKSAddress 2: WARWICK STREETAddress 3: Town: LAKELANDSCounty: LAKESPostcode (optional):

Description of location or a grid reference (must be completed if postcode is not known):

Easting: Northing:

Description:

5. Pre-application AdviceHas assistance or prior advice been sought from the local authority about this application? ☒ Yes ☐ No

If Yes, please complete the following information about the advice you were given (This will help the authority to deal with this application more efficiently).

Please tick if the full contact details are not known, and then complete as much as possible: ☐

Officer name:

 MR G. THORP / D. LASKY.

Reference:

 EMAIL + TELEPHONE CONVERSATION.

Date (DD/MM/YYYY):

(must be pre-application submission)

 JULY 2012

Details of pre-application advice received?

 SUGGESTED TO SUBMIT A REVISED APPLICATION TO TAKE INTO ACCOUNT THE AS-BUILT AMENDMENTS
6. Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicle access proposed to or from the public highway?

☐ Yes ☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

☐ Yes ☒ No

Are there any new public roads to be provided within the site?

☐ Yes ☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

☐ Yes ☒ No

Do the proposals require any diversions /extinguishments and/or creation of rights of way?

☐ Yes ☒ No

If you answered Yes to any of the above questions, please show details on your plans/drawings and state the reference of the plan (s)/drawings(s)

7. Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

☐ Yes ☒ No

If Yes, please provide details:

Have arrangements been made for the separate storage and collection of recyclable waste?

☐ Yes ☒ No

If Yes, please provide details:

8. Authority Employee / MemberWith respect to the Authority, I am: (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected memberDo any of these statements apply to you? ☐ Yes ☒ No

If Yes, please provide details of the name, relationship and role

9. Materials

If applicable, please state what materials are to be used externally. Include type, colour and name for each material:

	Existing (where applicable)	Proposed	Not applicable	Don't Know
Walls		BLOCK + RENDER TO MATCH ADJACENT.	☐	☐
Roof		GOOSEWING GREY PROFILED SHEET CLADDING	☐	☐
Windows		POWDER COATED ALUMINIUM, TO BE AGREED	☐	☐
Doors		POWDER COATED / ALUMINIUM, TO BE AGREED	☐	☐
Boundary treatments (e.g. fences, walls)	STONE WALLS		☐	☐
Vehicle access and hard-standing	CONCRETE PAVED	CONCRETE PAVED	☐	☐
Lighting			☐	☐
Others (please specify)			☐	☐

Are you supplying additional information on submitted plan(s)/drawing(s)/design and access statement?

☒ Yes

☐ No

If Yes, please state references for the plan(s)/drawing(s)/design and access statement:

LOCATION PLAN, EXISTING PLANS, EXISTING ELEVATIONS, EXISTING AS APPROVED
PLANS, EXISTING AS APPROVED ELEVATIONS, PROPOSED 'AS-BUILT PLANS', AS-BUILT
ELEVATIONS

10. Vehicle Parking

Please provide information on the existing and proposed number of on-site parking spaces:

Type of Vehicle	Total Existing	Total proposed (including spaces retained)	Difference in spaces
Cars	6	20	+ 14
Light goods vehicles/ public carrier vehicles	2 APPROX.	2 APPROX.	0
Motorcycles			
Disability spaces			
Cycle spaces			
Other (e.g. Bus)			
Other (e.g. Bus)			

11. Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer ☐ Cess pit
☐ Septic tank ☐ Other
☐ Package treatment plant

Are you proposing to connect to the existing drainage system? ☒ Yes ☐ No

If Yes, please include the details of the existing system on the application drawings and state references for the plan(s)/drawing(s):

SEE PROPOSED FLOOR PLANS

12. Assessment of Flood Risk

Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)

☐ Yes ☒ No

If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? ☐ Yes ☒ No

Will the proposal increase the flood risk elsewhere? ☐ Yes ☒ No

How will surface water be disposed of?

- ☐ Sustainable drainage system ☐ Existing watercourse
☐ Soakaway ☐ Pond/lake
☒ Main sewer

13. Biodiversity and Geological Conservation

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals

Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

a) Protected and priority species:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

14. Existing Use

Please describe the current use of the site:

COMMERCIAL

Is the site currently vacant? ☒ Yes ☐ No

If Yes, please describe the last use of the site:

COMMERCIAL

When did this use end (if known)?

DD/MM/YYYY

(date where known may be approximate)

UNKNOWN

Does the proposal involve any of the following?

If yes, you will need to submit an appropriate contamination assessment with your application

Land which is known to be contaminated? ☐ Yes ☒ No

Land where contamination is suspected for all or part of the site? ☐ Yes ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination? ☐ Yes ☒ No

15. Trees and Hedges

Are there trees or hedges on the proposed development site? ☐ Yes ☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? ☐ Yes ☒ No

If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.

16. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste? ☐ Yes ☒ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

17. Residential Units (Including Conversion)

Does your proposal include the gain, loss or change of use of residential units?
If Yes, please complete details of the changes in the tables below:

DESIGN AND ACCESS STATEMENT IN SUPPORT OF PROPOSED
COMMERCIAL UNITS
AT
LAND TO THE REAR OF ENTERPRISE WORKS, WARWICK STREET,
LONGRIDGE, LANCS.

This statement is prepared in support of the attached Planning Application made on behalf of Mr C. Brown, Newlands, Ribchester Road, Hothersall, Nr Longridge, Lancs,

1.0 SITE LAND ADJACENT ENTERPRISE WORKS, LONGRIDGE

The property is located off the main street of Warwick Street located behind the main street Berry Lane, and has access onto Derby Road, and Townley Road, via Warwick Street, towards the northern end (bottom) of the street, fronting onto a private courtyard area. The land is currently commercial and the surrounding area is used for offices, garage and retail with a forecourt, which acts as a surplus/overspill for the current units, which are predominately a 2 storey Commercial building with rendered and cladding materials, and a profiled roof. It has had little extensions and alterations carried out on it in the past to provide further ancillary rooms/space.

The land slopes slightly from the front to the rear by approx. 450mm and as such provides no great design restraints. To the side of the land are predominantly single storey commercial units whilst adjoining it when viewed from the front is the existing two storey unit, in fact the properties which view onto the new commercial units have a landing, and a bathroom window which has obscure glazing in it, and is designated as an area of conservation. The development would have no impact on any of the items above. Access is through the entrance door which is level with the new access level. Although the predominant use of the area is residential /commercial, there is an already established commercial unit(s), and the land is also zoned for commercial/commercial usage.

The unit is from a profiled cladding material and fabric, on a metal framework, with a rendered blockwork with upvc windows and steel doors etc. The footprint of the unit is 272m², and will be used solely as a commercial/commercial property.

Internally the client wishes to provide an open unit, in order to allow for a wider range of potential clientel, and this has been catered for in our designs. Originally the scheme was to separate the internal arrangements, however a potential client has approached my client and suggested they were willing to take on the unit as a whole on an open plan basis. It was decided to allow for a general counter/reception, with welfare toilet and wash facilities all at ground floor in order to comply with the Building regulations, whilst allowing for some storage, and general office space at first floor level, over the front of the building, due to us allowing for a dual-pitch roof line.

2.0 DESIGN MATTERS

The design proposal in brief

The adjacent building at present is commercial unit with a floor area of 112.50m² floor area of approx., (ground and first floor areas 225.0m²) and a volume of 652m cu.

The client wishes to create a new additional desirable, building a separate commercial unit within the confines of his land ownership. The proposed design will attempt to remove a supply and demand problem, which is evident as he has already had two viable inquiries to let units on the site, but also to create some small manageable units whilst maintaining the same usage of the site and by creating a more desirable unit.

It was decided to create a separate entrance to each of the units matching that of the adjoining unit with a personnel door and a roller shutter door to the front and single exit doors from the rear.

Design proposal described.

The existing site has open aspects to the front (East elevation) towards the main street (Townley Road), and provides a natural infill to the development as it is between two other units and as such provides limited options with regards to possible new designs due to its proximity with the surrounding buildings and the courtyard arrangement. However we believe that there is scope to develop the existing site to maximum effect without imposing on the surrounding units and list some of the design issues discussed during the development process :-

- It was decided to create a dual pitched roof building with a reducing rear face down to a single storey height so as not to prevent loss of light
- Rather than extend onto an existing building and have problematic design features it was decided to make a fresh approach to the design
- To create a more appealing and useable unit by using more modern materials, whilst not being too controversial
- To allow the main ground floor area to be the commercial sales area, whilst having the majority of the sanitary and welfare facilities to the side of the unit, to allow for a more useable workshop area, this will also double up as the parking area for the end users.
- The ground floor was to be open space with no partitions with the exception of the office and reception etc which will be built to allow access for disabled in accordance with Part M of the Building Regulations
- Steel doors were decided upon so as to make the unit a 'secure by design' development
- The first floor level will be administration and storage area's, and this is doubled up at ground floor level with the office and reception area therefore allowing equal opportunities to all able and disabled bodies to use, and therefore there is no restriction over any persons wishing to work in the workplace environment, additionally the welfare and toilet facilities are located at ground floor level as well as first floor level
- A covered canopy is to be attached to the end of the unit supported off a column to allow for a covered area, with a terrace over for storage etc

The Preferred design

The formation of a new unit, with a front access forms an infill to the courtyard when viewed along its length from Warwick Street, and provides a more appealing viewpoint rather than of a derelict waste ground that is un-used and therefore has little or no effect on the main appearance of the street scene, but is merely bringing it in align with the adjacent designs continuing along Warwick Street, the level entrance has to be formed to align with Building regulations and also allow for equal rights and forms part of the entrance concept to the unit, but is formed on land within the clients ownership, whilst maintaining the main pavement width.

After consultation with the client it was decided not to detract too much from the existing unit, or the surrounding buildings, but to alleviate the fundamental spatial problems, and be minimal in concept so as not to cause a controversial alterations in order to secure a more favourable approval and also limit the amount of works to be carried out.

CAR PARKING

No parking problems are envisaged as this is a town centre location and as such on-street parking has not been compensated, and the majority of visitors will be on a short stay scenario, and some will use the new building integral facilities, the parking facilities have not been compromised at all

SUMMARY

To summarise the following should be considered :-

The proposal responds positively to the context of the site and is sympathetic to the immediate surrounding buildings. The works have very little impact on the surrounding dwellings in the form of overshadowing due to its position on the south easterly side of the property. In fact when looking at it in winter solstice, the solar shading has absolutely no effect.

The amenity space is un affected.

The materials chosen for the project are typical to those already used in the industry for this type of development and also easily sourced whilst maintaining a high quality level of finish, but are also in keeping with current construction and the surrounding district.

Finally, we believe the design is more in align with modern demands for spatial requirements, and in our opinion does not detract from the existing quality of the surrounding buildings.
