FOR THE
ATTENTION OF

I have no objection to this proposal, subject to the following conditions:

1. The access shall remain ungated. Reason: To permit vehicles to pull clear of the carriageway when entering the site.
2. Before the access is used for vehicular purposes, the proposed parking area shall be appropriately paved in tarmacadam, concrete, block pavours, or other approved materials. Reason: To prevent loose surface material from being carried onto the public highway thus causing a potential source of danger to other road users.

Please add the following note to any consent granted:

Note: This consent requires the construction, improvement or alteration of an access to the public highway. Under the Highways Act 1980 Section 184 the County Council as Highway Authority must specify the works to be carried out. Only the Highway Authority or a contractor approved by the Highway Authority can carry out these works and therefore before any access works can start you must contact the Environment Directorate for further information, details below:
