DESIGN AND ACCESS STATEMENT PRO-FORMA

From the 10 August 2006, planning applications relating to certain types of developments are required to be submitted with a design and access statement. When submitting an application, failure to provide a design and access statement of sufficient standard may result in a delayed registration of the application.

What Applications Need to be Accompanied by a Design and Access Statement?

Most planning applications have to be accompanied by a design and access statement, the exceptions being:

- material change in the use of land or buildings, unless it also involves operational development;
- engineering or mining operations;
- development of an existing dwellinghouse, or development within the curtilage or a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse, where no part of that dwellinghouse or curtilage is within a designated area or is a listed building 'Designated Areas' include:

 Conservation Areas;
 Sites of Special Scientific Interest (SSSI); and
 Areas of Outstanding Natural Beauty (AONB)

Heritage statement 4 Park Mews

History and use of building

It's a former public house and barn converted into 4 cottages in 1994/95. Of the 4 dwellings this is the only one that fronts onto the Mews with the side wall on Main Street.

Conservation area

It sits on the edge of the conservation area

Proposed work

The present gable end wall that includes the front door has no windows in place. The request is to put a small window in the bathroom (there is no window in the bathroom) and a small window on the ground floor to match existing.

What effect will it have on the heritage/conservation area?

It will enhance the heritage, it won't detract from the overall look and it will be kept in character.
