DESIGN & ACCESS / HERITAGE STATEMENT

PROPOSED LEAN-TO EXTENSION TO REAR OF 18 KING STREET, WHALLEY

The enclosed Planning Application involves demolishing existing kitchen building and constructing a new single story lean-to extension at the rear of the property.

Currently the property has two reception rooms with a small kitchen at the rear of the property on the ground floor. One reasonably sized bedroom, a small box and shower room completes the first floor accommodation.

Planning permission was granted in March 2010 for a two storey side extension leaving the current kitchen at the rear of the property as is. The proposal is to replace the kitchen building with a lean-to addition. This proposal will provide better living space on the ground floor and improved access to the garden.

The existing kitchen building has a larger footprint than all of its neighbours on King Street the affect is a non-uniformed view at the rear of King Street. The proposal would address this re-instating the historic building line and creating a more pleasing view.

The rear elevation of the lean-to will be rendered to match existing gable with sliding windows providing access to the rear garden.

Roof construction will be pitched slate to match the existing roof and help retain the character of this hansom terrace.

Access

The rear garden of the property provides access to a rear passage way that runs south from the boundary of no.18 down the length of the terraces, to the gable end of number 4 at Calder Vale.

NB/ There is no public access through the side garden of no. 18 to the rear passageway - this was confirmed through the court system some years ago. Owners/occupiers of the terrace house are only permitted access from Calder Vale to their own respective property. As with similar, cul-de-sac, rear terrace passageways, on leaving their house they are only allowed one way in the instance, right to Calder Vale.

Heritage

Conservation areas are designated under the provisions of Section 69 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

A conservation area is defined as "an area of special architectural or historic interest the character or appearance of which it is desirable to preserve or enhance". It is the quality and interest of an area, rather than that of individual buildings, which is the prime consideration in identifying a conservation area.

18 King Street is identified as an *unlisted* 'Building of Townscape Merit' in the WHALLEY CONSERVATION AREA APPRAISAL. The property is a late Victorian end of terrace property.

The existing kitchen extension which was constructed in 2003 after its predecessor was demolished and rebuilt increasing its footprint into the garden. The new lean-to extension will re-instate the historic building line and create a more pleasing view.

The proposed extension will be sympathetic to not impact the importance of the heritage asset.
