13. Biodiversity and Geological Conservation

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals

Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

a) Protected and priority species:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

14. Existing Use

Please describe the current use of the site:

CARAVAN PARK

Is the site currently vacant? ☐ Yes ☒ No

If Yes, please describe the last use of the site:

When did this use end (if known)?

DD/MM/YYYY

(date where known may be approximate)

Does the proposal involve any of the following?

If yes, you will need to submit an appropriate contamination assessment with your application

Land which is known to be contaminated? ☐ Yes ☒ No

Land where contamination is suspected for all or part of the site? ☐ Yes ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination? ☐ Yes ☒ No

15. Trees and Hedges

Are there trees or hedges on the proposed development site? ☐ Yes ☒ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? ☐ Yes ☒ No

Referring to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.

16. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste? ☐ Yes ☒ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

17. Residential Units (Including Conversion)

Does your proposal include the gain, loss or change of use of residential units?
 If Yes, please complete details of the changes in the tables below:

Design & Access Statement

Indoor leisure complex: incorporating swimming pool, sauna, steam room and jacuzzi, with cafe and display shop.

**South Lakeland Parks Limited
Todber Holiday Park

Background

Todber Holiday Park is one of nine parks within the ownership of South Lakeland Parks. It is a quiet relaxing park overlooking Pendle Hill with panoramic views across the Ribble Valley, Ingleborough, Pen-y-Ghent and Whernside.

The culture of the park is managed so as to be focussed toward a friendly family atmosphere catering for a mix of generations bringing children to the site.

The long season at Todber allows holiday makers to enjoy maximum use of the holiday homes and offers an escape to the stresses of everyday living on a year round basis resulting in significant occupation in periods of inclement weather.

The company recognises that for the occupant vacationers there is a lack of wet weather attraction both on the site and in Ribble Valley generally: a situation that it wishes to address.

The company therefore has chosen to prioritise the group's short term capital investment programme in expending significant resources in providing an indoor leisure complex: incorporating swimming pool, sauna, steam room and jacuzzi, with cafe and display shop. Procuring an indoor leisure facility will also enable the site occupants to participate in the Olympic Legacy of community participation in physical activity.

It is believed that such infrastructure would strengthen and broaden the critical mass of the attractiveness of the park thereby contributing to and strengthening the visitor economy of the Ribble Valley: and be in full satisfaction of Key Statement EC3 in Ribble Valley Borough Council's Core Strategy.

Other things remaining equal it is desired to have the facility open for the 2014 season.

The development proposal

Behind the Reception building there is a complex of old agricultural buildings which offer an ideally located brownfield footprint onto which to locate a leisure facility.

Unfortunately the buildings by virtue of the provenance are unsuitable in configuration, structural integrity or thermal efficiency terms to be considered as candidate structures for reuse or refurbishment.

In the alternative it is proposed to house the leisure complex within a new modern standards low carbon building envelope of a similar scale and massing to the buildings that are to be replaced.

The current contents of the old agricultural buildings are primarily maintenance support related items that can be easily rationalised or rehoused within existing structures on the site.

Todber Holiday Park

The genus of the design is South Lakeland Parks facility at Regent in Heysham which has proven very successful and attracts a high level of patronage.

The centre piece of the leisure complex is a 16m x 8m by 1.2m constant depth swimming pool with bubble beds off. The pool is surrounded by generous walkways to give a spacious uncramped feel from which ancillary steam room, sauna and jacuzzi can be accessed.

The pool is accessed through three changerooms designated as male, female and disabled.

The principle access to the leisure facility is through its own entrance with ancillary access from the existing Lounge Bar area.

Currently the existing peak demand in the Lounge, Function Room and Beer Garden for the Kitchen food offer exceeds supply and opportunity has been taken to increase the size of the kitchen facility.

This larger and more functional resource has been linked to a cafe counter to serve a refreshments and seating area overlooking the swimming pool so that responsible adults can visually supervise their children in relaxing comfort.

The separate existing site shop is difficult and expensive to staff and operate and it is intended to move this facility into the refreshment seating area where it can be attended by the personnel operating the cafe counter who will also be overseeing swimming pool admissions.

The vacated shop area will form part of a revamped sales/reception area that will seek to improve people's first impression on arrival.
