The details of the new fixing of the plaque are as follows:

All new fixings for the plaque shall be identical to existing ones.

All fixings shall be in the mortar and not the stonework of the wall. New holes shall be drilled in the plaque to accommodate this.

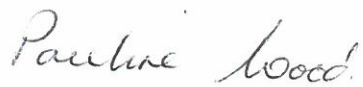

All holes left when the plaque is moved will be filled with blended mortar to match the colour of the stonework.

Upon receipt of your acknowledgement that these arrangements are satisfactory, Clitheroe Civic Society will arrange for the work to be done promptly.

If there are any further steps we need to take, please could you inform us by email so that we can expedite this matter.

Thank you for your help.

Yours sincerely,
