Subject: Planning Applications 3/2013/0161 and 3/2013/0189 Former Strawberry Fields Diner, Gisburn
FAO Mr Colin Sharpe

Dear Sir

Gisburn Parish Council discussed the above applications at its meeting last week as the Council was informed that the plans for Phases II and III of the development have been modified. The changes were explained to the Council. Notwithstanding any modifications the Parish Council remain opposed to Phases II and III in their entirety. The Parish Council supported Phase I of the development (for 21 houses) as the Council acknowledge that development is necessary and believe that a development of 21 houses is acceptable for Gisburn and sustainable. The Council believe that building in excess of 21 houses would not be sustainable by the village's infrastructure and is excessive development for a village of Gisburn's size.

Please note the Council's continued objections to Phases II and III.

Many thanks.

Yours faithfully

Cathy Holmes
Clerk to Gisburn Parish Council
