Afternoon Mark ,

I would raise no objection to the proposal on highway grounds. The application extends the garden area over a grass verge which is not part of the adopted highway, however I would advise the applicant to investigate whether or not there are any services within this area of verge as they will have to be diverted prior to the erection of the garage. Also I would request that the following note be attached to any permission that may be granted;-

This consent will require the construction of an access to the public highway. Under the Highways Act 1980 S184 the County Council as Highway Authority must specify the works to be carried out. Only the Highway authority can carry out these works therefore you are advised to contact
