Dear Sir/Madam,

Location : Sunnyside Longsight Rd Clayton le Dale

Proposal : New holiday accommodation dwelling within curtilage of Sunnyside

With reference to the above planning application.

I have no objection to the proposed development.

A separate metered supply will be required at the applicant's expense and all internal pipework must comply with current water supply (water fittings) regulations 1999.

Should this planning application be approved, the applicant should contact our Service Enquiries on 0845 7462200 regarding connection to the water mains.

United Utilities offer a fully supported mapping service at a modest cost for our water mains and sewerage assets. This is a service, which is constantly updated by our Property Searches Team (Tel No: 0870 7510101). It is the applicant's responsibility to demonstrate the exact relationship between any assets that may cross the site and any proposed development. Please note, due to the public sewer transfer, not all sewers are currently shown on the statutory sewer records, if a sewer is discovered during construction, please contact a Building Control Body to discuss the matter further.

Yours faithfully

Lesley Johnson
