Subject: Installation of BT apparatus - Type: CCC No. 7 - OUTSIDE 14 CRUMPAX AVENUE, LONGRIDGE, PRESTON, PR3 3JQ

Proposal: Installation of BT apparatus

Apparatus Type: CCC No. 7

Location: OUTSIDE 14 CRUMPAX AVENUE, LONGRIDGE, PRESTON, PR3 3JQ

Proposed location of BT apparatus is outside 14 Crumpax Avenue on the footway. It is noticed that width of existing footway at the proposed installation of BT apparatus is 1.78m. The dimensions of BT apparatus (CCC No 7) is 1410mmX1210MmmX370mm.

It is realised that width of the cabinet (370mm) will extend across the foot way. Thus at the location of cabinet the available width of foot way will be 1.4m approximately. According to manual for streets, the available width will allow 2 pedestrian walking side by side to pass adjacent to the cabinet. Wheel chair will also be able to pass from the available width of the footway.

Proposed installation of cabinet is unlikely to have a significant effect on to the adjacent highway network.

There is no objection to the installation of BT cabinet at the proposed location.

There will be some work required on the public highway. Therefore it is necessary for the applicant to consult the Highway authority prior to carrying out any works on the highways.

Note

This consent requires the construction, improvement or alteration of an access to the public highway. Under the Highways Act 1980 Section 184 the County Council as Highway Authority must specify the works to be carried out. Only the Highway Authority or a contractor approved by the Highway Authority can carry out these works and therefore before any access works can start you must contact the Environment Directorate for further information by telephoning the (Area Surveyor East 01254 823831 / Area Maintenance Manager 01772 877282) or writing to the (Area Surveyor East, Lancashire County Council, Riddings Lane, Whalley BB7 9RW / Area Maintenance Manager, Area Maintenance Office, Preston New Road, Samlesbury, Preston PR5 0UJ) quoting the planning application number.

Thank You
