**Subject:** Planning Application 3/2014/0174 Little Dudlands Farm, Rimington

Dear Madam

Please be advised that Gisburn Parish Council do not object to the above application but serious concerns have been raised regarding access to the proposed dwellings. Access is to be along a track used extensively by farm vehicles with no passing places and a dangerous bend, The Council are also led to believe that use of this track to access Little Dudlands is a fairly recent development and the original way to access this property was from the A59. We understand local residents have written to you with their concerns regarding access along the track and these concerns are shared by the Parish Council.

Yours faithfully

Cathy Holmes

*Cathy Holmes*  
*Clerk to Gisburn Parish Council*
