3. Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s):

window located on the second floor rear of the building requires replacement due to deterioration and currently risks glass falling out. the existing is relatively modern (approx 20 years) and is not original to the property. a new window is to be installed of white painted wood construction with a single opening and double glazing. the design will be as close to the existing design as possible and will be installed in the same position as the existing and will therefore look no different to the current when installed.

other windows in the property are double glazed and have been installed without compromise to the appearance of the property.

other properties within the vicinity have both double glazing and plastic/upvc frames, we however wish to retain the character with wooden frames and design.
