Sarah,

The written scheme of investigation submitted in support of the discharge of condition no. 10 is a project design for the proposed works to be carried out on site, which I can confirm does meet with LCAS approval.

LCAS would however recommend that condition no. 10 not be discharged until such a time as all the on-site works and their reporting has been completed, and you have received confirmation from LCAS that such works were carried out in accordance with the supplied written scheme of investigation.
