In addition to the comments provided 5 minutes ago, I wish to make you aware of the following:

This version of the assessment will not provide details of previous pooled S106 contributions received against a particular item of infrastructure. At present, the revised template is being developed/consulted upon internally.

In the case of this particular planning application, there are 2 pooled contributions against 4 of the 5 primary schools and 1 pooled contribution against 1 of the 5 primary schools within the catchment of the development and there are 2 secondary schools, that both have 3 secured S106 contributions against them.

A revised assessment will be provided shortly.

Many Thanks
