Chipping Parish Council

PLANNING APPLICATION NUMBER 320150411

PRESTONS YARD LONGRIDGE ROAD

This is a brown field site which could accommodate new houses.

The Parish Council have real concerns about the size of car parking space planned for each proposed property, as well as the vehicle access.

This site is on a narrow road, immediately opposite a busy Primary School. The pavements are very narrow. There is absolutely no room for any on road parking.

There is a lot of traffic congestion on this road.
