Date: 5th August 2015

For the attention of Adam Birkett.

Proposal:	Demolition of existing single storey utility room and detached garage. Formation of single storey side and rear extension and attached garage
Location:	Fellway Waddington Road Clitheroe BB7 2JE
Grid Ref:	374039 - 442648

With regard to your letter dated the 16th July 2015.

The Highway Development Control Section does not have any objections regarding the proposed **extension and associated works** and are of the opinion that the proposed development should have a negligible impact on highway safety and highway capacity in the immediate vicinity of the site.

The Highway Development Control Section recommends the following conditions as part of the formal planning decision: -

1. The car parking and manoeuvring scheme to be marked out in accordance with the approved plan, before the use of the premises hereby permitted becomes operative and permanently maintained thereafter. Reason: To allow for the effective use of the parking areas.
2. Notwithstanding the provisions of the Town and Country Planning (General Development Procedure) Order 1995 and the Town and Country Planning (General Permitted Development) (Amendment) (No 2) (England) Order 2008, or any subsequent Orders or statutory provision re-enacting the provisions of these Orders, all garages shown on the approved plan shall be maintained as such and shall not be converted to or used for living accommodation without the prior written approval of the Local Planning Authority in consultation with the Highway Authority.

If you have any questions please do not hesitate to contact me.

Yours sincerely

Stewart Gailey
