Our ref: LHS/CS/3/2016/0060  
Date: 28<sup>th</sup> January 2016

For the attention of Colin Sharpe

<b>Proposal:</b>	Prior approval sought to install a 9.12kw 22.24m <sup>2</sup> solar panel array to the roof of Slaidburn Village Hall (Schedule 2, Part 14 Class J)
<b>Location:</b>	Slaidburn Village Hall The Green Slaidburn Clitheroe BB7 3ES
<b>Grid Ref:</b>	371288 - 452303

With regard to your letter dated the 21<sup>st</sup> January 2016.

The Highway Development Control Section does not have any objections in principle to the proposed solar panels, providing the level of glare is controlled.

The Highway Development Control Section recommends the following condition as part of the formal planning decision: -

1. Any source of glare from the solar panels shall be effectively screened from the view of a driver and pedestrians on the adjoining public highway and maintained thereafter. Reason: To avoid glare, dazzle or distraction to passing motorists and pedestrians.

If you have any questions please do not hesitate to contact me.

Yours sincerely

Stewart Gailey  
Highway Development Control Engineer
