Importance: High

Dear Adrian,

Re. Consultation on planning application 3/2016/0131 Kirk Mill, Malt Kiln Brow, Chipping PR3 2GP

Thank you for giving us the opportunity to comment on the above proposal.

The Mills Section is happy to support this application as the pond is very much in need of repair. We would suggest that the repairs are undertaken with care to ensure that the appropriate materials are chosen.

With best wishes,
Sophie

Please will you let Adrian Dowd have your comments on the above planning application? (Please respond to planning@ribblevalley.gov.uk FAO Adrian Dowd).

The application is to rebuild the previously dismantled element of the mill pond wall to match the remainder. Drain mill pond to enable 'puddling' – repair works to the clay base of the pond to stop leaks, to inspect overall structure and de-silt. Removal of all vegetation growth to the SE corner of the pond excluding large mature trees to the pond edge.

The site is subject to a TPO, in a Conservation Area, a Listed Building, on contaminated land, and within Flood Zones 2 and 3.
