Follow Up Flag: Follow up
Flag Status: Flagged

Morning Adam,

The proposed extension encroaches onto the existing parking space leaving only 1 usable parking space for the development which would not be acceptable as it would lead to additional parking on the lane which whilst not adopted highway would inconvenience the other residents of the lane and compromise the safety of pedestrians ((the lane is a public right of way Footpath 90) I would there're recommend that the application be refused on the grounds of inadequate parking provision which would compromise the safety and convenience of the users of the lane
