Hello my comments are with regards to the below :-

On the 11<sup>th</sup> of May 2016, Heather Coar of RVBC was emailed by Jo Miller of Miller Goodall who enquired about the requirement for a noise assessment to accompany the application. It was suggested that for a single property a pragmatic approach would be to utilise the mitigation measures implemented in application planning application 3/2014/0725.

I would therefore request that this is submitted in the plan as an appendix so as to allow me to make a decision and expand the mitigation that they are going to undertake  
Thanks
