Planning Application No: 3/2017/0079

Grid Ref: 371131 452406

Proposal: Proposed structural works to west facing gable end of building to include lateral restraint and associated remedial building works.

Location: Hark to Bounty Inn, Townend, Slaidburn BB7 3EP

Hello

The proposal raises no highway concerns and I would therefore raise no objection to the proposal on highway safety grounds. However the applicant should ensure that any building equipment, eg scaffolding, skips etc and building materials, to be used in the above works should be sited and stored off the adjacent adopted highway network so as not to pose a hazard to other highway users.

Regards
