The Environment Agency are not required to formally comment on the above application for the following reason(s):

Flood Risk Standing Advice (FRSA) should have been applied	X
It is not listed in the 'When to Consult the Environment Agency' document or in the Development Management Procedure Order 2015 / General Permitted Development Order 2015	
Local Guidance should have been applied	
Valid consultation as FRSA does not apply but development is minor/not high risk	
Valid consultation but unable to respond due to workload	

Kind regards
