FAO A Dowd

Dear Mr Macholc,

**Planning Application 3/2018/0013: External repointing using lime mortar, internal re-plastering using lime plaster, replacement of lead flashings to chimney stacks, replacement of damaged stone flags on front and rear roof pitches, removal of part of ridge beam above 29 Windy Street and replacement with new timber. Brabins Almshouses, 29-33 Windy Street, Chipping PR3 2GD**

Thank you for your consultation on the above application. The works as described in the application and planning statement appear appropriate as far as they go, although further details of the proposed timber repair and the lime mortar and plaster mixes would have been useful. If these details can be agreed with Mr Dowd we would not have any objections to the proposals, nor would we consider that any archaeological recording is necessary.

Yours sincerely

*Peter Iles*
