Morning Robert

The above application for discharge of conditions to planning application 14/0183 has 2 highway related planning conditions, the estate lighting design and the extension of the speed limit.

In respect of the street lighting condition, I can confirm that the S38 agreement is progressing but not yet signed. However the street lighting design was prepared by LCC and in that respect the design would be acceptable.

In respect of the speed limit extension, the applicant has requested further information as to where to send the request for the works, I am currently looking at where this should be sent and will contact the applicant directly with the requested information. Although the formal request has yet to be received I would consider the expressed intent to be sufficient to discharge the planning condition

Dave Bloomer
Development Control
Lancashire County Council

Lancashire County Council highways now offers a full pre-application support service. A best value professional service bringing benefit to development of any size through detailed local advice.
