Dear Mrs McCartney

At the Parish Council meeting last night, the Parish Council reviewed new planning applications including number 3/2018/0243 which is under your management.

The Parish Council are happy to approve the application, with the caveat that all the appropriate conditions are stipulated by RVBC to ensure the development remains an annex to the property and that it may not at some future point become a stand-alone property.

Kind regards,

Nicky Donnelly  
Chairperson  
Chipping Parish Council
