3/2018/0263 The application is for the proposed conversion of and extensions to the former care home to create five dwellings AT 10 Knowsley Road Wilpshire

Wilpshire Parish Council object to the application.

The Parish Council feel that the proposal will have an adverse affect on the neighbourhood.

The proposal for the 10 parking spaces perpendicular to and right up to the carriageway would result in both an unacceptable degradation in the street scene and also be a significant road traffic hazard as exiting vehicles would have no space to lock round before being fully on Knowsley Road.

The parish council further feel that the extra dwellings at each end of the existing property could be seen as overdevelopment of the site.

Kind regards

Lesley Lund
Clerk
