FAO ADRIAN DOWD

Reference application 3/2018/0395 Susie Cottage .

The Parish Council's concerns regards the proposals are highways based , mainly regards egress from the property due the sight lines and the nature and width of the carriageway at this point , there are no verges only high bankings . The problems , which have obviously existed previously , will be exacerbated by the increased traffic movements due the proposals . The property had been single occupancy for the last 20 - 25 years .
