FAO A Dowd

Dear Mr Macholc,

Planning Application 3/2018/0603: Application for the refurbishment of the Clairvoie Wall and Observatory roof in the gardens of Stoneyhurst College. The Lodge, Stonyhurst College, Avenue Road, Hurst Green BB7 9PZ

Thank you for your consultation on the above application. The Heritage Statement and attached scope of work, as well as the drawings set out the proposals in appropriate detail and whilst it is clear that the full scope of repairs and refurbishment will not be clear until work is underway, we are happy that the approach set out. The scope of work indicates that the features to be repaired and refurbished will be recorded before, during and after the proposed works and we do not see a need for a separate recording condition on any planning consent if the work is undertaken to those standards.

We would however suggest that it would be sensible for all of the records produced during the works are brought together into one report, accompanied by the application documents and plans, and that a copy of that report is placed in an appropriate permanent archive. You may wish to make this subject to a planning condition or other agreement.

Yours sincerely

Peter Iles
