PLANNING	
16 AUG 2018	
FOR THE ATTENTION OF	

Approval was given for outline planning
8/1/15

I am re-applying for the same proposal.

The original Planning Design & Access
statement refers to various local and
national policies in force at the time

I understand these policies have been
replaced by revised policies and the Ribble
Valley Core strategy.

I submit that there is nothing in the
new policies that would invalidate the
original planning application as the proposals
remain the same.

and the development remains true to
the spirit of the policies

Yours sincerely

Paul Hartley
