

**Existing Front (South) Elevation**

**Proposed Front (South) Elevation**

**Note:-**

- The proposed Screening has already been erected approx 3 to 4 weeks ago
- Screening consist of 3 No obscured Perspex panels attached to 50mm sq galvanized post anchored into fore court at rear of footpath edging
- Over all length of screening is 6.0m long
- Height of panels is 1.7m this does increase slightly due to gradient of the road and footpath.
