

**Existing Front (South) Elevation**

**Proposed Front (South) Elevation**

- Note:-**
- The proposed Screening has already been erected approx 3 to 4 weeks ago
  - Screening consist of 3 No obscured Perspex panels attached to 50mm sq galvanised post anchored into fore court at rear of footpath edging
  - Overall length of screening is 6.0m long
  - Height of panels is 1.7m. This does increase slightly due to gradient of the road and footpath.
