Subject: RE: Planning applications 3/2018/1050 - 9 Greenside, Ribchester

Dear Peter,

I have reworded the condition as follows:

A formal archaeological watching brief shall be undertaken during any excavations required for the proposed development. The methodology for that watching brief is set out in the approved written scheme of investigation (WSI, Oxford Archaeology North V2 dated 06 November 2018)

The above works must be carried out by an appropriately qualified and experienced professional archaeological contractor to the standards and guidance set out by the Chartered Institute for Archaeologists.

Reason: To ensure and safeguard the recording and inspection of matters of archaeological/historical importance associated with the buildings/site.

Please confirm whether this is acceptable or feel free to amend as you see fit.

Regards
