Single storey rear extension and conversion of western end of garage to create utility.

Good afternoon Stephen

With respect to the above application, in accordance with your correspondence dated 26 February and 04 March. It has been confirmed that the removal of the proposed utility area from the proposed plans will not be submitted in a revised layout. However you have ensured and confirmed that the utility area will not be incorporated in to the proposed development and as such I would raise no objection on highways grounds.
